##### **"Let's Talk to God"**

Now it's time to fold our hands, bow our heads. We understand it's prayer time. Let's talk to God.

## **"It's All About Jesus"**

The Bible tells us something that everyone should know. We want to share this good news wherever we may go. It talks about our Savior who helps us to our feet. He loves us even when we're bad and this is why we sing:

It's all about Jesus. It's all about God's love. God kept His promise and sent His only Son and I'm so happy and I will praise Him.

I'll shout for joy and clap my hands. I'll praise you Lord until You come again.

I'm learning about Jesus by reading in His word. I'm not afraid to stand up and tell you what I've learned. I'm learning I can trust Him 'cause He knows everything. I'm going to be just like Him and this is why I sing:

It's all about Jesus. It's all about God's love. God kept His promise and sent His only Son and I'm so happy and I will praise Him.

I'll shout for joy and clap my hands. I'll praise you Lord until You come again.

I'll shout for joy and clap my hands. I'll praise you Lord until You come again.

### **"Gonna Clean It Up"**

Gonna clean it up, gonna clean it up, gonna clean it up,  
gonna clean it up.

Going to pick it up, put it away so we can play with it  
another day. Going to pick it up, put it away so we can play  
with it another day.

Gonna clean it up, gonna clean it up, gonna clean it up,  
gonna clean it up.

### **"Hold You in My Heart"**

Good-bye, good-bye, it's time to go but I'll hold you in my  
heart, dear friends.

So long, farewell, it won't be long before we will be  
together again.

We sang, we played, we had an awesome day. And now our time  
is through, so one more song before we go to sing good-bye to  
you, you, you, you.

Good-bye, good-bye, it's time to go but I'll hold you in my  
heart, dear friends.

So long, farewell, it won't be long before we will be  
together again.
